Subtitle: Template Version 2025-06-11 for AMS presentations

James T. Kirk

Autonomous Multisensor Systems Group
Institute for Intelligent Cooperating Systems
Faculty of Computer Science
Otto von Guericke University Magdeburg

XX.YY.ZZZZ

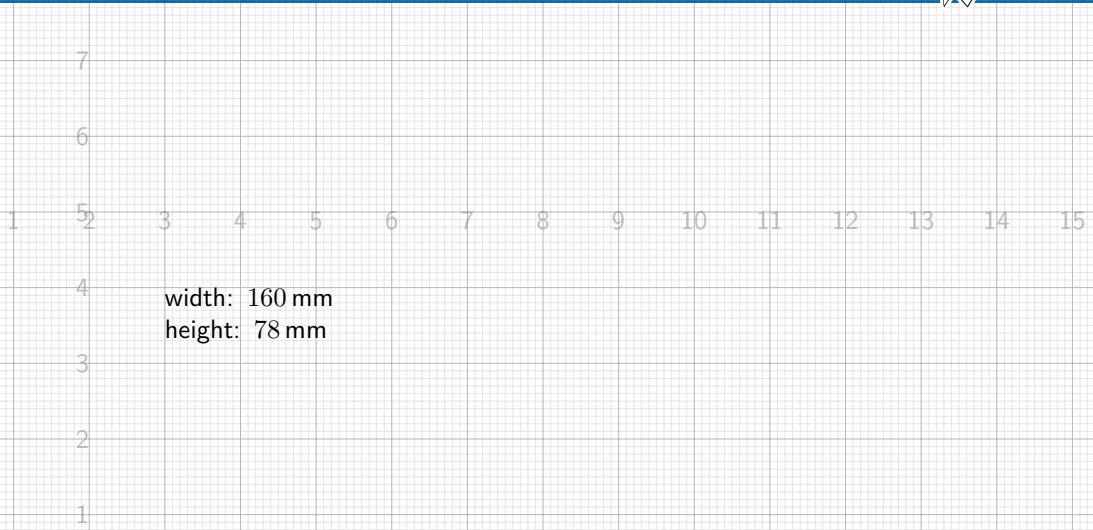

First Section

Full Title of the Presentation

This is another section

Chapter / Part name (Default is title of presentation)

Test Slide Using TikZ

Test Slide Using Textblocks

Autonomous Multisensor Systems

OTTO VON GUERICKE UNIVERSITÄT MAGDEBURG

you can add separate todo notes here

tikzframe lies on the background layer

You can use textpos instead of tikz

for textpos, you can use makegridtp
origin is the upper left corner

Further Notes

Full Title of the Presentation

Test Slide Without TikZ or Textblocks

The folder *pages* contains an Adobe Illustrator template to create slides. The slide area is $160\,\text{mm} \times 78\,\text{mm}$.

The following standard colors are provided:
AMSblue, **AMSred**, **AMSgreen**, **AMSorange**

Reference

Full Title of the Presentation

References

In a presentation, we recommend to include references as footnotes on the same slide.

This is a citation[1] using

```
\footfullcite{Kalman1960}
```

As an alternative, you can also cite work like this [1] with `\cite{Kalman1960}`.

In this case, you should include a separate bibliography (see next slide):

```
\begin{frame}[allowframebreaks]
 \frametitle{Bibliography}
 \printbibliography
\end{frame}
```

[1] Rudolf E. Kalman. "A New Approach to Linear Filtering and Prediction Problems". In: *Transactions of the ASME - Journal of Basic Engineering* 82 (1960), pp. 35–45.

Bibliography

[1] Rudolf E. Kalman. “A New Approach to Linear Filtering and Prediction Problems”. In: *Transactions of the ASME - Journal of Basic Engineering* 82 (1960), pp. 35–45.

(A separate bibliography is only necessary if you do not use the footnote citations. E.g., for seminar presentations, a separate bibliography could be useful.)
